*More than simply tracking consumer trends,
we translate them into opportunities for
businesses and institutions.*

Founded in 2006 by the Government of Catalonia and ESADE Business School. Our mission is to promote and foster **innovation in businesses and institutions**, understanding people's future needs to help detect and disseminate new areas of opportunity through:

- ✓ New products
- ✓ New services
- ✓ New business models
- ✓ New communication strategies

Urbanization Growth of World Urban Population

Millenials: new priorities

Trends: Economic (No) Growth - Spain

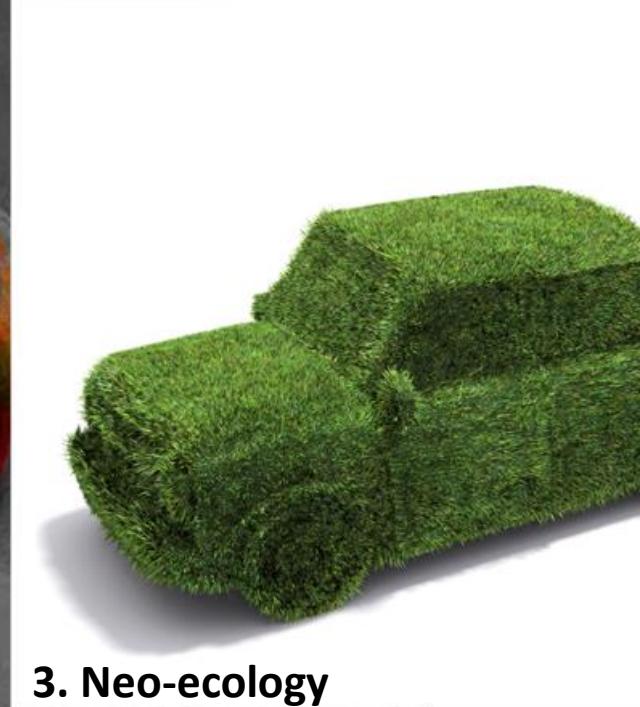

- **Savings increase:** in 5 areas, leisure, fashion, vehicles, home equipment and utilities.
- **New consumption values:** authenticity and rationality vs. materialism and aspiration.
- **Increased media consumption:** TV, internet and mobile is frequently overlapped.
- **Participation:** consumer-generated & distributed content is growing.
- **Meaningful brands:** brands are going through difficult time.

4. Transporte y tecnología

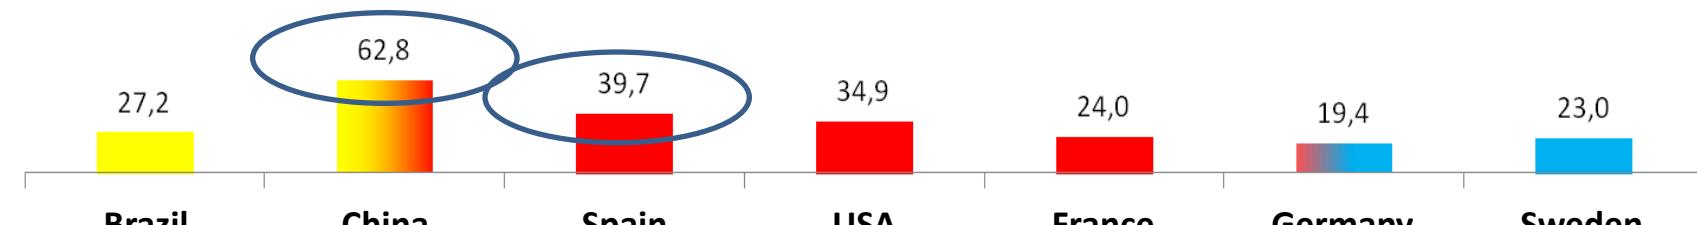

“temo una subida importante en el precio de los combustibles”

“cada vez utilizo menos el coche y más el transporte público y otros medios”

“mi próximo coche será eléctrico o híbrido”

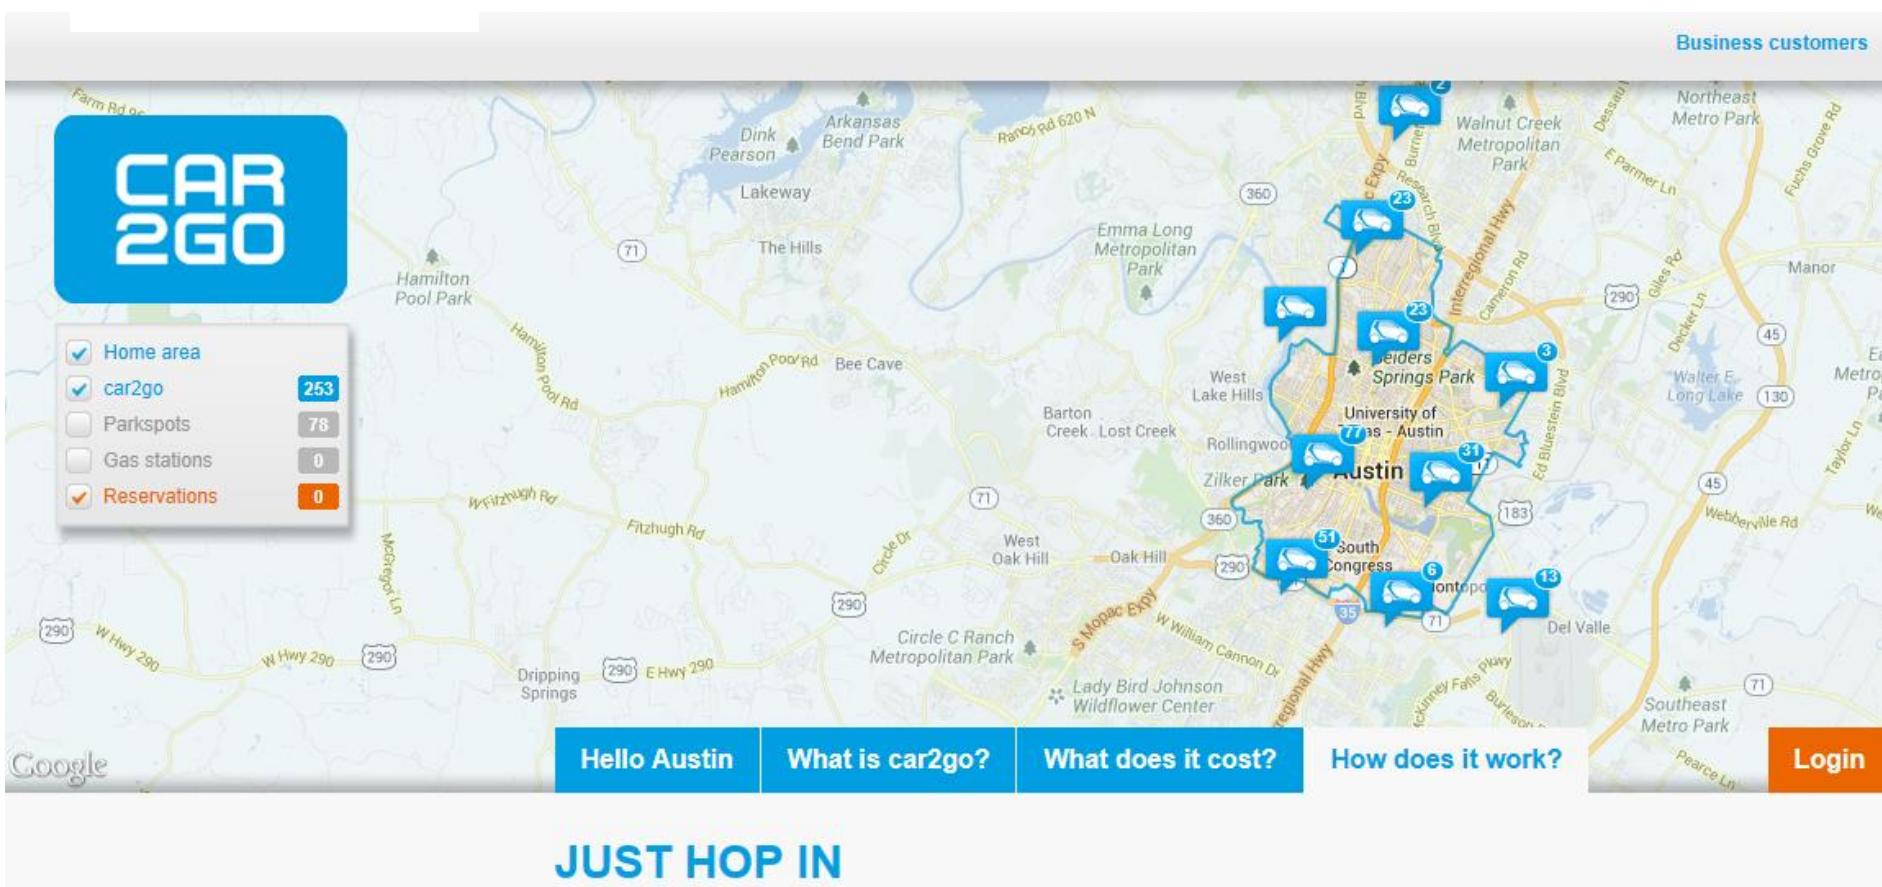

(% de encuestados “totalmente o bastante de acuerdo”)

Però està canviant alguna cosa
en el món de l'automoció i el
transport?

INTELLIGENT SOLUTIONS FOR EVERYDAY LIFE ON THE MOVE.

BMW i Mobility Services.

BMW i represents a sustainable mobility concept even more than it stands for innovative electric and hybrid cars. Cars and mobility services are intelligently linked to promote urban mobility with and without cars. The BMW-owned venture capital firm BMW i Ventures supports many such services. Following a local trial phase, the services are usually offered at national level. We will present the most important here.

DriveNow ParkNow ChargeNow BMW i Ventures MyCityWay
 ParkatmyHouse ChargePoint Embark Life360

DriveNow

DriveNow is the car sharing service of BMW i, MINI and SIXT. Users can rent cars very flexibly, when and where they need them. The mobility concept is based on the motto

CONNECTED
FROM A TO B.

Seat inaugura en su fábrica de Martorell la mayor planta solar de la industria del automóvil

Las placas solares instaladas por Seat en las azoteas de la fábrica de Martorell. (ESTHER ROMAGOSA/ ACN)

- Ha instalado un total de 53.000 placas solares en las azoteas de las naves de producción de vehículos.
- La superficie fotovoltaica ocupa casi el 10% de los 3 millones de metros cuadrados de la fábrica.
- La empresa ha invertido 35 millones de euros y la instalación genera el 25% de la energía de la producción del Seat León.
